"If it be possible, as much in you lies, study to live at peace with all men."

WAR!!!

"Oh World!
Oh men! what are ye, and our best designs,
That we must work by crime to punish crime,
And slay, as if death had but this one gate?"—Byron.

THE COST OF WAR.—"Give me the money that has been spent in war, and I will purchase every foot of land upon the globe; I will clothe every man, woman, and child in an attire of which kings and queens would be proud; I will build a school-house on every hillside and in every valley over the whole earth; I will build an academy in every town and endow it; a college in every state and will fill it with able professors; I will crown every hill with a place of worship consecrated to the promulgation of the gospel of peace; I will support in every pulpit an able teacher of righteousness, so that on every Sabbath morning the chime on one hill should answer the chime on another round the earth's wide circumference, and the voice of prayer and the song of praise should ascend, like a universal holocaust, to heaven."—RICHARD.

"WHAT IS MORE TERRIBLE THAN WAR?"—"I will tell you what is ten times, and ten thousand times more terrible than War—Outraged Nature. Nature is only conquered by obeying her. . . . Man has his courtesies of war; he spares the woman and child. But Nature is fierce when she is offended, as she is bounteous and kind when she is obeyed. She spares neither woman nor child. She has no pity; for some awful, but most good, reason, she is not allowed to have any pity. Silently, she strikes the sleeping child with as little remorse as she would strike the strong man with the musket or the pickaxe in his hand. Ah! would to God that some man had the pictorial eloquence to put before the mothers of England the mass of preventible agony of mind and body, which exists in England year after year!"—KINGSLEY. How much longer must the causes of this startling array of preventible deaths continue unchecked?

FOR THE MEANS OF PREVENTION, and for preserving Health by natural means, see a large Illustrated Sheet wrapped with each bottle of ENO'S FRUIT SALT.

WHAT EVERY TRAVELLING TRUNK AND HOUSEHOLD IN THE WORLD OUGHT TO CONTAIN: A bottle of ENO'S FRUIT SALT. Without such a simple precaution the jeopardy of life is immensely increased.

FOR YOUNG AND OLD.—ENO'S FRUIT SALT (prepared from sound ripe fruit), when taken with water, acts as a natural aperient; its simple but natural action removes all impurities, thus preserving and restoring health. If its great value in keeping the body in health were universally known, no family would be without it.

ENO'S FRUIT SALT.—In hot or foreign climates it is invaluable. It relieves the system of effete or poisonous matter, the groundwork of fevers and other diseases, which, if retained, poisons the blood and produces the most disastrous consequences. It allays nervous excitement, and restores the nervous system to its proper condition (by natural means).

HOW TO AVOID THE INJURIOUS EFFECTS OF STIMULANTS.—The present system of living—partaking of too rich foods as pastry, saccharine and fatty substances, alcoholic drinks, and an insufficient amount of exercise—frequently deranges the liver. I would advise all bilious people, unless they are careful to keep the liver acting freely, to exercise great care in the use of alcoholic drinks, avoid sugar, and always dilute largely with water. Experience shows that porter, mild ales, port wine, dark cherries, sweet champagne, liqueurs, and brandies, are all very apt to disagree; while light white wines, and gin or old whisky largely diluted with seltzer-water, will be found the least objectionable. ENO'S FRUIT SALT is peculiarly adapted for any constitutional weakness of the liver; it possesses the power of reparation when digestion has been disturbed or lost, and places the invalid on the right track to health.

CAUTION.—Legal rights are protected in every civilised country. Examine each Bottle, and see the Capsule is marked "ENO'S FRUIT SALT." Without it you have been imposed on by worthless imitations. SOLD BY ALL CHEMISTS.

PREPARED ONLY AT ENO'S FRUIT SALT WORKS, HATCHAM, LONDON, S.E., BY J. C. ENO'S PATENT.

TOMMY UPMORE.

By R. D. BLACKMORE,

Author of "LORNA DOONE."

"He (Mr. Blackmore) has, as he deserves to have, a host of admirers, for whom it is enough to know that a new publication has proceeded from his pen; and, as a matter of course, they at once go in search of it, feeling, as they do well to feel, that they cannot fail to be the better for reading it."—*St. James's Gazette*.

CONVALESCENT RELIEF.

Convalescent relief is being largely extended to patients of the poorer classes, drawn from the whole Metropolis through and by the thirty-nine District Committees of the CHARITY ORGANISATION SOCIETY. But the advantages of the system adopted have proved so great that convalescents are making daily application for admission to Homes in very much larger numbers than was anticipated, and, consequently, the funds of the Medical and Convalescent Committee are proving unequal to the unlooked for strain.

It is necessary to raise £1,500 by Easter in order to obtain at least sixty reserved beds to meet the demand, which is increasing week by week; but at present only twenty such beds have been secured by prepayment.

Ninety-two patients were sent away in January, at a total cost of about £120. The usual length of stay is three weeks.

£100 will pay for about eighty patients, or prepay four yearly beds.

£25 will pay for about twenty patients, or prepay one yearly bed.

£15 will prepay one bed in any Home which is open only during the summer.

£10 will pay the expenses of about eight patients.

£5 will pay the expenses of about four patients.

£1 5s. 6d. is the estimated average cost of one patient whilst in a Home;

10s. may be said to pay for one patient for one week.

DONATIONS, but especially Subscriptions, are most urgently needed, and will be received and acknowledged by C. S. LOCH, Secretary to the Council, Charity Organisation Society, 15, Buckingham Street, Adelphi, W.C.

Information and further explanation, together with a recently issued Report, containing a complete list of Convalescent Homes, will be sent to any subscriber to the fund, or on application to the Hon. Sec. of the Medical and Convalescent Committee.
